NOTES—First Sheet.

Serial No.

4307

Recently an industrial Survey of the State has been sanctioned and this operation will cover a part of the programme now adopted by the Committee viz "Investigation of the resources of the State". Vide Resolution 1.

11/4/12 SB

Sec'). One should think that detailed work on the large scale suggested should properly be taken up after the general industrial Survey is completed. If the larger scheme is taken up now, the small industrial survey would be quite superfluous.

The proposals now put forward are comprehensive enough & important enough to be deliberated upon by the Conference & if that body approves of the scheme first may then consider it & take action to provide funds & the agency.
